COMPANY

With our worldly finesse and confident savoir-faire, Rouillard elegantly meets the demands of the workplace. We know the need for flexibility, comfort, speed, and intelligent design. Rouillard draws upon our long heritage of manufacturing expertise combined with our fresh aesthetic perspective to bring contemporary, innovative products to the contract market. Our seating, tables and storage offer user-friendly functionality with sleek and elegant lines. Every Rouillard product has the dexterity to be customized for a perfect fit and look—make our pieces taller, wider; add arms that match the use; vary the bases; uniquely configure our modular units; and choose from numerous finishes. Rouillard's skilled design, customer service and manufacturing teams make it easy to efficiently meet each client's goals.

Company leader and design visionary Alain Roy has over 40 years of industry experience. Alain has a passion for design development and for new furniture manufacturing methodology, gaining insights from Italy and beyond. His knowledge guides Rouillard's young and progressive Quebec City product design team.

Based in hip and historic Quebec City, we have been perfecting our approach since 1978. Our lead times are rapid. Our warranty is industry-leading. Our precise and responsible manufacturing is state of the art. And, at the top of our list, our commitment to sophisticated silhouettes, spare lines and clean forms makes Rouillard design a savvy and smart choice in the workplace.

TEAM

Rouillard is a place of young, fresh ideas, backed by leadership that has industry-leading manufacturing expertise. Our products are inspired by our design team's travels and research into workplace trends around the world. Our manufacturing and upholstery groups are skilled experts. Our Customer Service team is responsive and flexible. Together, all the members of Rouillard work as a big family. We collaborate constantly within our company to meet client needs, including tight deadlines, product alterations, new renderings or customized pieces. Rouillard welcomes our customers' input and, together, we deliver sophisticated and creative solutions.

Table and Storage

Table and Storage

ZETTI TABLE

Inspired by a streamlined midcentury modern aesthetic, Zetti Table Collection offers liberating fabrication options. Go geometric or use a water drop shape. Choose from paperclips or slanted legs and finishes to design the perfect table or desk. And, lounge and working heights make Zetti perfect for conference tables, desks, occasional tables, side pieces or accents. With their distinctive reverse knife edge as an option, Zetti Table pieces have a sleek and light-handed look.

AGORA TABLE

These architectural, minimalist tables are timeless additions to any working space. The thin and understated aluminum structural frame can be cut to any size, so specify what will fit perfectly to a space —no need to work within "standard" sizes. Heights can range from low for lounge; mid for tables, desks or benching; higher for counter and bars. Vertical end panels can be added for a more solid look. The Table Agora system allows maximum customization to match any space's design vision.

AGORA TABLE

AGORA TABLE

AGORA TABLE

AGORA TABLE

AGORA CREDENZA

Rouillard's credenzas are clean and crisp in their simplicity and bring a sense of order and professionalism wherever storage is needed. Customize the size, and chose open shelves, doors, drawers or file drawers. Rouillard designs a self-supporting media wall into a credenza for a cohesive, seamless look. A steel frame holds up to a 72-inch monitor and all wiring is concealed. Use it against a fixed wall, or as a free-standing partition, since the entire unit have a finished back. This integrated, clean design makes it easy to move the monitor when floor plans change without drilling into existing walls.

MEDIA FIT

Keep virtual conferencing and sharing areas organized and unobtrusive with Rouillard's Media Fit. With this smart and sleek configuration, the laminate vertical tech wall attaches to a table that can be a rectangular, bullet or trapezoid shape. Table and screen-supporting wall are available in various heights. The wall is finished on both sides, so it can be free-standing in open office space. When floor layouts alter, the adaptable Media Fit is easy to move and eliminates the necessity of attaching the monitor to a fixed wall.

Chair

Chair

LEAD

Elegantly designed with its curved ergonomic backrest, this high-style chair offers outstanding comfort and support, while fitting seamlessly into a range of interior styles. Exquisite in its details, Lead works as executive, office or conference seating. Customize Lead for the perfect fit, as almost every chair component has size and function options. Lumbar support and tilt mechanisms make this chair work in harmony with all body types. This popular chair is a Rouillard classic thanks to its functionality and beauty.

LEAD

LEAD

#rouillard2017

LEAD

LEAD

X2

With undisputed character and elegance, the X2 merges clever details with functional and attractive design. With a rectangular frame that fits most environments, it features an ultra-comfortable backrest offered in mesh. With its adjustable back, lumbar support, and its contoured molded seat, X2 brings comfort to teams in open office, private offices, and conference rooms. While being a discreet addition to any room, the X2 will nevertheless shine in the boardroom with its stunning presence.

FX

FX represents the perfect fusion of exposed seating technology with sleek, upholstered planes for user comfort. This sophisticated conference chair is designed with strong structure and support. FX radiates a smart business presence in offices, collaboration areas, huddle rooms and conference centers. Tailor to the right look with a backrest of either channel-stitched upholstery or mesh. Specify from Rouillard's wide array of chair components to make this ergonomic classic a fit for each unique user and each unique space.

SPYDER

With its angular shape and upholstered arm rests, Spyder has a perky yet elegant character, an updated and fresh midcentury look. Comfortable and ergonomic, Spyder has the versatility to be configured as a conference or executive chair with a high back or a guest side chair with a lower back. It even goes bar-height for taller collaboration tables. Choose channel or T-shaped stitching for the back. With Rouillard's flexibility, Spyder chairs have the option of several bases, in wood or metal.

LEAD V

The LEAD V is the perfect office companion. Take the clean lines of this sturdy, cheery metal-frame chair and create it as upholstered or mesh-covered, give it different arm rests, choose four legs or a five star base with casters, tailor the seat pad. Add a seat mechanism for adjustability. Its compact, crisp look and its adaptability makes Lead V work as a side chair or in a collaboration, training or seminar space. Use the optional top metal handle to easily move Lead V around the office.

CLASSIC

With its retro elegance, Classic draws inspiration from the slim-lined, aerodynamic, jet-setting stylings of the 1960's. This chair is ideal as executive, lounge and conference seating. The Executive version has an adjustable mechanism option, a five star base with casters and fixed polished armrests. The Lounge version uses a groovy four star auto return base, has optional upholstered arms and pairs with a matching ottoman. A modern classic.

VIBE

Sleek, simple and supremely minimalist, Vibe has a thin profile and a European light touch, quietly enhancing any space with its contemporary lines. Angled and curved just perfectly for comfort, this durable, high-density plastic stack chair works hard yet quietly in dining, lecture and conference spaces. Specify from four colors; red, gray, black and white. Choose the chrome-finish sled base as regular or counter-height. Rouillard also offers Vibe in an upholstered variation.

VIBE

VIBE

#rouillard2017

MIA

This plastic chair has a contemporary look and a crisp, business-casual feel with its perforated backrest. Inspired by a refined European sensibility, the stackable Mia brings visual texture to training rooms, cafes, and break-out nooks. Specify with loop style or cantilevered arms. Extra comfort available with an upholstered seat option. Choose Mia from five plastic colors. Also makes a comfortable and supportive stool.

MIA

MIA

LINK

Link brings a sculptural, modernist look to a stackable plastic chair. With its strong T-shaped form and angled back rest, Link provides comfortable seating in waiting rooms, classrooms, training rooms and guest areas. Available in a black, white or crimson molded plastic color. Use with or without arm rests, with optional casters, and choose from three different heights. The chair can even be ganged on a black, white or platinum metal frame. With its versatility, Link serves every workplace need.

DEXTRA

Clean design, lightweight yet durable, and available in multiple options—Dextra smartly meets every criteria for the ideal stackable chair. Dextra is an affordable way to bring a stylish aura to classrooms, training rooms, collaboration centers and company cafes. Chair back can be perforated plastic, upholstered, or mesh. Choices abound for upholstery and base, which all allow the robust and comfortable Dextra to successfully take on many roles.

ZOA

Rouillard's striking, single-shell wood veneer chair, Zoa is molded into appealing curves and angles. This clean thin-profile, sculpted chair can be rendered with an angled wood leg base for a more residential feel. Restrained yet stylish, Zoa is perfect around café tables and in comfortable collaboration spaces, at regular height or as a taller stool. Available in wood finishes, along with a white laminate option. Zoa is stackable and has optional upholstered seat and back pad for even more support.

PLY

With its minimal design, Ply is pared back to its essence, yet its slender, distinctive vertical cut-out and refined silhouette give this chair plenty of personality. Ply is stackable and ideal for seating big groups in corporate cafes, common areas, seminar rooms, and at study tables. The all-purpose Ply is available in three heights, so it can unify a space that needs both table chairs and bar or counter stools. Ply comes in wood or laminate, both with upholstery options. And check out Ply's fun scoop-style stool.

Lounge

Lounge

GEO

Geo's modular system allows unlimited freedom in designing fun and creative combinations that harmonize with each unique environment. Ideal for areas dedicated to lounging, waiting and hanging out. Based on linking, fully-upholstered angular benches, Geo's individual units can easily be moved and re-clipped together. Many options give Geo flexibility: backrest, ottomans of different sizes, the opportunity to add power ports to any unit, and laminated tops. Arrange and rearrange—Geo always shapes togetherness.

BLOK

Durable and compact architectural cubes work in many configurations in this flexible lounge system. With perfect squares as symmetrical building blocks, create benches or individual chairs, add armrests, use its high panels to enclose spaces, intersperse its laptop tables. Form all-upholstered Blok into lines, groups or islands for layouts that fit a variety of spaces. Power ports can be added to any units. Blok's pure geometry constructs elegant and interactive communal spaces.

BLOK

BLOK

VOG

With its prominent angles, modular Vog is all about making effective enclosures for productive communication at work. Choose from a high or low back to make different groupings or use as single chairs. All the pieces are fully upholstered and help reduce noise levels in the open office world. The choice of a semi-circular configuration helps teams rally together while its optional counter shelf adds another level of versatility. Add power to any modular piece. Vog lets groups or individuals enjoy an affordable and dynamic huddle space.

POD

Rouillard presents a clever, versatile design for lounge and gathering spots. Pod is Rouillard's most modular system, so the choices are vast. Use solid and sturdy Pod as freestanding sofas and chairs with arms in reception areas or private office. In lounge spaces, create benches with backs of various heights or use backless benches. For open plan offices, connect the units and add the highest back divider for enclosed clusters. Pod even offers connecting console tables for those essential meeting tools: laptops and coffee cups.

ZETTI

Rouillard introduces the Zetti Collection, a stylish choice for lounge, lobby, collaborative spaces, waiting areas and private offices. Zetti includes a high-back and a low back lounge chair with metal sled base or auto-return cross base; and ottomans and benches with metal paperclip legs. This relaxed upholstered collection is a contemporary, refreshing modern influences. Zetti has a light touch with welcoming, soft contours. Zetti embodies fun, sophistication and comfort.

SOLO

A modern day descendant of the cozy club chair, Solo's strong silhouette and bold curves promise comfort from across the room. This gracious yet ultra contemporary chair is residential in tone, and works for lounge, huddles and private office. Position two or three Solo chairs together for an intimate grouping. The arms are angled to fit under tables, so it also works for conference and café settings.

SOLO

espresso	3/3.5
americano	3/3.5
caffè macchiato	3.75/4.25
latte	4.25/4.75
mocha	4.75/5.25

MINI

This intriguing, airy chair design uses a free-floating, gentle curve that appears to just lightly rest on the seat. Mini may sound petite, but its small scale and durability still give a comfortable and roomy place to sit with friends at a bar, café table or lounge area. Its open form allows easy cleaning in hospitality settings. Mini has maximum uses, with its choice of five bases in different heights.

HUG

The well-named Hug surrounds with a friendly, sophisticated and contemporary curve. Its slender horizontal back opening gives it a distinctive, notched profile. Hug brings chic personality as an arm chair in casual lounge space or as a visitor chair in front of a desk. HUG integrates well into any environment with its monopod, four star base or trapezoid design and each base features an auto-return mechanism. Choose the fixed wood base for a cozy warm feel.

CAMPUS

Campus knows comfort is key. This grouping brings softness and humanity to waiting rooms with its sturdy arms, curved backs and comfortable seat. In educational environments, Campus offers the chance to sit upright to concentrate or to unwind and chill if desired. Perfect for high-use public spaces and medical facilities. Durable Campus can take on all users. Versatile with its optional tablet arm and shelving tucked underneath.

QUANTUM

Quantum is a modular chair system that brings high functionality and clean style to busy waiting areas. Its flexible design includes varied seats, backs and shelves. The high back, all-upholstered Cloud version works well in airports. The Spyder version has an upholstered seat and backrest. The Mia version has solid backrest and a choice of plastic or upholstered seat. Easy to clean, Spyder and Mia are ideal for institutional and healthcare facilities. More choices include: power ports, tablets, padded armrests, and seamless floor anchoring levelers. Quantum withstands high use with high style.
