

river

A quiet harbor

Bring people together in a place where ideas, insight and inspiration can be shared. River supports an endless array of curvilinear and rectilinear configurations with three back heights and benches. Seating and tables can be specified with power and USB outlets for mobile devices. An optional HT construction lets River overachieve in high traffic, high demand environments such as airports and universities.

We meet again

We meet, we work and we meet again, our schedules a constant flow of people, process and communication. We're a small group, then a larger group and then it's time out to collect ourselves before moving on. Flexible and adaptable, changing it up to reflect the change happening around us, we are the river, rushing to a quiet harbor.

Seating shown in Momentum Odyssey, Rue (OD53), headrests shown in Allante, Ash (A44E). 16" Square Laptop Table and 36" Square Coffee table shown in Asian Night (ASN).

River™ HT – the overachiever

Universities, hotels, shopping centers and airports require solutions that can withstand the wear and tear of these demanding environments. River HT (High Traffic) is an optional construction format that performs at three times the ANSI BIFMA standard for commercial applications and is backed by Global's Heavy Duty Warranty. The HT spec is available for all River models at a modest upcharge and is recommended for use with textiles and synthetic surfaces that meet or exceed 100,000 double rubs.

Seats shown in Momentum Infinity, Rinse (IN81). Backs and headrests shown in Momentum Infinity, Graphite (IN95).

Collect your thoughts

Take time out to collect your thoughts or catch up on the latest white paper. Personal Harbor is the newest addition to the River seating series, bringing people together where ideas, insight and inspiration can be shared.

Seating shown in Lumu Situ, Statue (Y25Y) and Lumu Situ, Phosphor (Y92D).

It's in the details

Features

Standard quick connect/disconnect feature. Available on armless side and bench models only. When not in use, the ganging hardware swivels out of sight.

Double stitching on all seams enhances strength and longevity.

6½" tall legs allow for ease of cleaning. Each leg is equipped with a non-marking poly foot suitable for all types of flooring.

Leg finishes

Standard in Chrome (CHM).

Optional in Tungsten (TUN).

Optional in Black (BLK).

All legs are standard with adjustable leveling glides.

Power and USB modules

Power and USB modules available in seating and tables. Each module includes two power and two double USB terminals. Power shown above on top of table.

Power available on side of rectangular, square and half round tables.
