FURNITURE

Modularity Managed.

Create a beautiful foundation with Gesso, a suite of GREENGUARD Certified, contemporary casegoods that blend finely crafted veneer with other quality materials. Satisfy diverse needs by incorporating laminate, acrylic and metallic elements, also shaping an aesthetic from a multitude of finish, color and pull options.

Gesso: Studio Teak (TK) veneer with Black Arc (BAC) pull and Square edge profile (Y).
Seating: Clutch swivel with Ultrafabrics Brisa White.

Frameless acrylic panels can be positioned above the desk for work task privacy or flipped down to serve as modesty panels.

Transformative Power.

With a number of open configuration options, Gesso work stations are designed to adapt to users' changing needs throughout the day. An open work surface with an end support or pedestal swiftly converts from task-driven activities to conference space for impromptu meetings.

Gesso: Golden Cherry (GC) veneer with Black Arc (BAC) pull and Square edge profile (Y).
Tackboard Fabric: CF Stinson Nikko Aspen.

Natural Flexibility.

Stylish and exceptionally durable, Gesso's built up and modular components are available in six-inch increments for easy reconfigurability. Versatile storage integrates seamlessly. Employ it high or low, wall-mounted or freestanding, open or closed.

Gesso: Espresso (EW) veneer with Aluminum Elite (AEL) pull and Square (Y) edge profile.
Canvas: Designer White (WH) laminate.

The clean aesthetic is well connected, accommodating technology seamlessly.

Refined Style.

No matter how you compose it, there's a stroke of genius in the clean horizontal planes, light scaling and humanistic dimensions of Gesso. Stack-on storage cabinets, available in 30" and 36" widths and in multiple configurations, help define an environment. Upper storage units have standard and sliding door options; used with modular and low height storage, they can be set 58", 70", and 82" high.

Gesso: Golden Cherry (GC) veneer with Aluminum Quadra (AQD) pull and Square (Y) edge profile.

Effortless Organization.

Wall-mounted cabinets at various heights keep frequently-used items within easy reach from multiple positions. Doors may be veneer or framed acrylic. Low credenzas offer free-flowing surface space and invite informal interaction when topped with cushions. A functional U leg support gives a desktop an agile sensibility.

Gesso: Legacy Walnut (LW) veneer with Aluminum Beam (ABM) pull and Square (Y) edge profile. Cushion Fabric: CF Stinson Velocity Owl.

Power and data route through "U" supports for easy access to data ports. Low credenzas with cushion tops invite impromptu interaction.

Artful Personality.

Who says a desk must be square?
Express individuality with curved
corner units or cockpit desks, available
as standard, in veneer or laminate. A
metallic cylinder base adds industrial flair.
Further refine the design from four edge
options and a selection of seven sleek
pull designs in two finishes.

Gesso: Dark Cherry (DC) veneer with
Aluminum Quadra (AQD) pull and Square
(Y) edge profile. Tackboard Fabric: CF
Stinson Nikko Aspen.

Functional Diversity.

Incorporate standing height tables of 42" to facilitate alternative working styles and tasks. Encourage communication and teamwork with a symmetrical configuration that provides ample private storage, multiple work surfaces and uninterrupted common space.

Gesso: Autumn Cherry (AC) veneer with Aluminum Buckle (ABU) pull and Square (Y) edge profile. **Canvas:** Designer White (WH) laminate. Tackboard Fabric: CF Stinson Dapple Huron. **Seating:** Ultrafabrics Brisa White.

Sleek "O" and "U" leg supports enhance the clean aesthetic. Available in 42" and 30" high.

Skillful Composition.

Frame semi-enclosed offices in an open environment with reconfigurable modular components. Acrylic dividers help separate adjacent workspaces, keeping tasks private while enabling eye contact and communication between neighbors.

Gesso: Artisan Walnut (AW) with Black Arc (BAC) pull and Square (Y) edge profile.
