## TRADITIONAL SPLENDOR.

Traditional caseworks inspired by classic themes bring refined elegance to prominent work environments. Use Arlington where first impressions matter and value is a must.

Finely crafted with walnut and cherry veneers that feature our UVAdvantage topcoat, Arlington ensures quality and expert craftsmanship with stately components and configurations that support today's active workspace functions.

Now with the addition of height adjustable models, as well as Wilmington base and decorative molding options, an expansion of pulls, and a broadened range of finish options, creating a distinguished look from offices to meeting spaces just got easier.

Arlington is responsible too. It considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air quality and BIFMA level® certifications, and complies with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

# Craftsmanship + Timeless Design.

Arlington exudes traditional confidence with a timeless style and the right mix of options to fit your needs.

Select from a variety of table, double, and single pedestal desks, returns, bridges, and credenzas, available in height adjustable models, as well as bookcases, hutches, and more to create stately, yet functional settings. Add Arlington or Wilmington base and decorative molding, a brass or aluminum pull, and one of our select cherry or walnut veneers to personalize your look.

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at [www.indianafurniture.com](http://www.indianafurniture.com). Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.

## Effortless Integration.

Arlington's distinguished design works seamlessly with the graceful appeal of our Kennerly tufted-back chairs to create a cohesive, timeless environment.
