Specifying

Orders for Nevers products are constructed from your submission of a string of codes in this price list (typically the codes should be separated by slashes). These codes are applied to quotes as well as to sales orders. The codes move from left to right describing the major elements of the product down to options and preferences.

Nevers Tempezo tables are ordered as a single unit. The tabletop and the bases are specified together. You will have to provide the codes for your finish both construction elements.
